Telecommunications,  
Radiocommunications &  
Broadcasting Regulator

## We've upgraded Our Website

The Office of the Telecommunications, Radiocommunications and Broadcasting Regulator (TRBR) wishes to inform its important Customers and Stakeholders of our upgraded website [www.trbr.vu](http://www.trbr.vu).

This upgrade will provide a user friendly and interactive experience giving easy access to information one requires.

With the recent amendments made to Telecommunications and Radiocommunications Regulations Act No. 30 of 2009 as amended by Amendment No 22 of 2018, the Telecommunications and Radiocommunications Regulator (TRR) will now become responsible for regulating the Broadcasting Industry in Vanuatu therefore a new feature is also added particularly for Broadcasting and Media Regulatory updates.

For Radio Apparatus Licence, a new feature is also added to allow any business or person who install or operate a Radiocommunications device in Vanuatu or its territorial waters or airspace, or in any ship or aircraft registered or under the Law of Vanuatu, can apply for new apparatus license including making payment online through a secured payment gateway that requires the use of credit and debit card to facilitate the transaction.

If you have any question, please do not hesitate to contact the Office of the TRBR on (+678) 27621 or email [enquiries@trbr.vu](mailto:enquiries@trbr.vu).

Our Office is located at Level 1, Rossi Ocean Walk Building (Opposite Bred Bank),  
Port Vila, Vanuatu.
